Compromise. A certain number of well-disposed residents of this town met with an equal number of residents within the bounfield conferred together again last night. daries of the proposed Glen Ridge borough and endeavored to effect a compro-Monday evening will be ladies night mise that would for the present postpone at the Cycler's club. There will be bowling for prizes from 8.30 to 9.30 the threatened division of the township.

The effort to effect a compromise was purely voluntary on the part of those immediately concerned in it. It is not certain that the large majority of people n either section of the township want it.

It is beyond dispute that there is a small element in Glen Ridge that wants separation from Bloomfield, and will not be satisfied with anything else. It is also certain that a large number of people in Bloomfield are mdifferent as to whether Glen Ridge goes or not. Neither of these elements want a compro-

The radical borough party is not a large one, but it possesses a preponderance of the talking ability of that section, and by reason of this latter faculty is able to make itself conspicuous. It is not believed that it is backed by the majority of people in that section.

And many people there would no doubt like to see the incorporation act adopted in Bloomfield in order to forever put an end to the borough scheme that is a source of perpetual annoyance to the conservative portion of Glen Ridge's population. These latter undoubtedly do not want a compromise, because they see fn it only a temporary shifting of the agitation to a more distant day.

There are a great many people outde of Glen Ridge who do not want a compromise settlement of this matter. A tree years ago the same difficulty was compromised by voting a large appropriation for stone roads and expending it nearly all in Glen Ridge.

To conciliate Glen Ridge an expensive sewer system has been constructed, and now, after securing thousands of dollars of good Bloomfield money, the threat of a borough is again brought forward, and certain Bloomfielders hasten to rush forward to tender more confections to Glen

They say in effect to the crew who are sailing the borough craft, "Only say what you want, and we will give it to you, but do not sail away from us."

Now it is proposed to give Glen Ridge a whole ward by itself. To do this the whole township will be turned topsyturvey, and everybody else discommoded. all for the sake of gratifying the whima of a few disgruntled spirits in Glen Ridge. Now, as a choice between adopting the incorporation act and compromising with Glen Ridge, there seems to be but little coubt but what the great majority of the people of the wast

They would be undoubtedly right in this preference. This constant catering to Gien Ridge is getting very wearlsome.

Keep Sober, Be Vigilant. TO THE EDITOR OF THE CITIZEN:

The predominance of men of a certain political faith in the Glen Ridge movement has caused it to be regarded as a Democratic movement for the purpose of strengthening the Democratic party in the County Board of Freeholders. The fact that the movement is led and managed by well-known Democrats, may have significance and it may not. The Democrats who are booming the porough will keep their own counsels as to their ultimate design. It may be said that the presence of Republican and Mugwumps in the committee of seven is an assurance that the movement is not a political one, but it must be considered that the chairman who appointed the committee is a Democrat and leader of the party in the first district of the Third Ward. It is obvious that he associated with himself, the brains and ability of his own party, but their is no evidence that he displayed the same partiality with respect to the other political parties. They drink good whiskey and good ale in Glen Ridge, and it takes strong heads to stand it. There is no doubt about the ability of the Democratic portion of the committee to preserve a proper mental equibibrium on all occasions on which the committee may be called together. But there is a doubt about the ability of some of the Republican members to stand an unusual qualling of aged whiskey, or strong ale interspersed with fine cigars. No fuddled Republican was ever a match for a wily Democrat. In fact it will take storng minded cool headed Republicans to cope with the Democratic contingent of the committee of seven. Republicans should insist upon it that

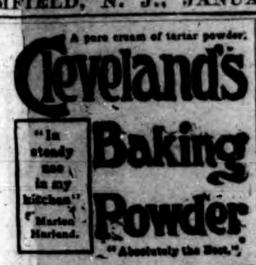

cold water be the only beverage permitted at meetings of the committee of seven. If such action is not taken the the Republican party in Gien Ridge will find itself in a Democratic trap. GLEN RIDGE.

The Opposition Rising.

The Glen Ridge Borough Committee. t is said intends making application to the court to-day for a writ for holding a special election within the proposed borough. This borough scheme does not meet with so much favor in Glen Ridge, now that it is seriously being considered from a tax-payer's point of view and much opposition is beginning to manifest itself. Tax-paying residents of Glen Ridge now look upon It as a serious mistake.

Hon. Davis Winne Owes His Health to Dr. David Kennedy's Favorite Remedy.

SHANDAKEN, N. Y .- One of the most prominent men in Ulster County is the Hon. Davis Winne of this town. His reputation is not confined alone to this county, where he held the office of Sheriff for three years; he was also this district's representative in the New York State Legislature. For years Mr. Winne had been suffering from a complicated case of kidney and bladder trouble and congestion of the liver. Upon the advice of friends he decided to try Dr. Kennedy's Favorite Remedy. He was not disappointed, for in a short while after he began its use he was in better health than he had been in years

In speaking of Favorite Remedy, Mr. Winne said : "It has done more for me than all the physicians I ever employed, and I most unbesitatingly recommend it to any one suffering from kidney, liver, or urinary troubles, for it will cure
